Import Your Detailed Payroll Data into NAV

SD Micropay Link

Get your payroll data into your NAV General Ledger in 2 easy steps. This link add-on for NAV allows you import 3 standard Micropay reports into a NAV journal using a mapping tool that gives you the power to analyze by:

- Employee level Data.

- Department & Cost centre.

- Spread deductions (e.g. Health Insurance, Pension, etc.).

- Spread Payments (e.g. Overtime or expenses).

You can choose to create your journal at employee level data or consolidated up to Department level.

- Map to Standard NAV dimensions.

- Map to your Micropay deductions and payments codes.

Other features include:

Staging area to allow review before posting.

Does not interfere with your standard or custom NAV objects.

Uses standard Micropay reports to import all details needed.

What do You Get

Our Link range products offer the following:

1. Emailed FOB with full import instructions.

2. Clear Install Guide.

3. Web Tutorial.

How to deploy

1. Once we have confirmed your order details we will email you a FOB. Follow the instructions and import.

2. Then add your new feature to your preferred menu.

Optionally

Your can use our services to re-number the add-on to an available free object range on your license or request us to perform a remote installation.
