TRIMIT CONCEPT

Minimize the Need for Customization

Microsoft Dynamics NAV and the TRIMIT Solution cover most requirements of a company thereby minimizing the need for customization. Each company adapts the system by adjusting parameters - not by programming customizations.

Developed From Industry Knowledge

TRIMIT functionality is developed in close dialogue with our partners and customers; we take advantage of their knowledge and experience to continuously advance TRIMIT functionality.

Zero-Cost Upgrade

With every release, the solution is made available to all customers, and in this way, TRIMIT always matches the market demands and ensures that your company is up-to-date.

How the Concept Works

With TRIMIT, several companies lift the solution.
