

## Campus Dynamix - Innovation in Education

Campus Dynamix is an **unparallel and comprehensive Education Solution** that covers each and every entity of an Education Institution like Schools, Colleges, Coaching centers and other Specialized Training Institutions. It is an **Interactive platform** for communication between Management, Financial Department, Teachers, Students, Parents and other stakeholders.

It is seamlessly scalable, error free, easy to implement and has a user-friendly interface. This is not only a cost saving measure but also adapts to changes very quickly. **Campus Dynamix** fabricates a hierarchy of features and management tools that strengthen and **enhance the productivity** of the Institution by many folds.

### Key Strengths:

<b>Reduce Costs</b>	Campus Dynamix allows Institutions to reduce training and Support costs through a consistent and intuitive Windows standard interface.
Drilldowns and Flexible reporting give real time access to information.	<b>Access Real Time Information</b>
<b>Free up Resources</b>	Resources are relieved from the tedious responsibility of repeat data entry and can focus on imparting quality Education
Consolidate Authentication and authorization to provide transparent and secure access to Campus Dynamix	<b>Secure Access to Information</b>

### Client Speaks

“Microsoft Dynamics NAV Solution has improved the Quality of work in various divisions of the School like Administrative block, accounts division, Students monitoring, invoicing and receipts, intercompany transactions, etc. are all handled smoothly. It ensures better internal support required for growth and enables people to work smartly”.

**Mr. Samjith Dhanrajan**  
St. Judes Public School and Junior College, Ooty.

## Campus Dynamix – An overview

Technology is only part of the solution. All the computers in the world won't make a difference without enthusiastic students, skilled and committed teachers, involved and informed parents, and a society that underscores the value of lifelong learning".

*Bill Gates*
