

Menu Search Assistant - Instructions

The agiles Menu Search Assistant helps users to find menu items within the Microsoft Dynamics NAV menu. If you would like to use the agiles menu search assistant, please follow these short instructions.

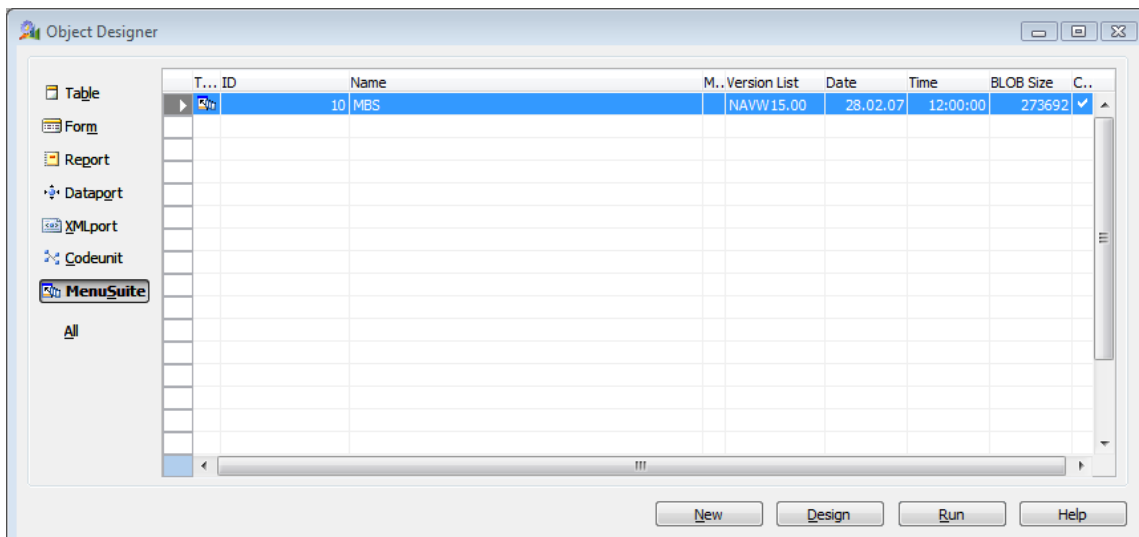

Please note: this is for more technical users. If you are a Microsoft Dynamics NAV customer please speak to your NAV partner about this tool.

Step 1: Import the MenuSearch.fob which is provided in the Extras folder on the agilesWorkflow CD. The 68000 Number Range is used with the Version List Tag "MENUSRC".

T...	ID	Name	M..Version List	Date	Time	BLOB Size	C..
	68000	Menu Node	✓ MENUSRC	04.07.07	15:28:41	6288	✓
	68001	Menu Node Caption	✓ MENUSRC	04.07.07	15:28:41	1332	✓
	68002	Menu Nodes	✓ MENUSRC	04.07.07	15:29:10	15608	✓
	68003	Menu Node WhereUsed	✓ MENUSRC	04.07.07	15:29:10	9840	✓
	68004	Menu Node Captions	✓ MENUSRC	04.07.07	15:29:10	6040	✓
	68005	Menu Search	✓ MENUSRC	12.10.07	13:06:18	32736	✓
	68006	Menu Node Import	✓ MENUSRC	04.07.07	15:29:19	29068	✓
	68007	Menu Node LineNo	✓ MENUSRC	11.01.07	11:06:10	2816	✓

Step 2: Export the MenuSuite in text format.

T...	ID	Name	M..Version List	Date	Time	BLOB Size	C..
	10	MBS	NAVV15.00	28.02.07	12:00:00	273692	✓

Step 3: Run Form 68005 Menu Search.

The screenshot shows the 'Menu Search' dialog box with the 'General' tab selected. It features a 'Name Filter' text field, a table with columns 'Caption', 'Path to Entry', and 'Object Type', and a 'Path to Menu' text field at the bottom. The table is currently empty. At the bottom right, there are buttons for 'Run Form', 'Functions' (with a dropdown arrow), and 'Help'.

Caption	Path to Entry	Object Type
*▶		

Step 4: On the Functions button, open the “Import MenuSuite” function and import the MenuSuite in text format (which you exported previously).

The screenshot shows the 'MenuSuite Import' dialog box. It has an 'Options' tab with a 'File Name' field containing 'C:\search.txt' and a 'Replace All' checkbox that is checked. At the bottom, there are 'OK', 'Cancel', and 'Help' buttons.

The MenuSuite is imported into the Menu Search Form

The screenshot shows a progress bar window from Microsoft Dynamics NAV. The title bar says 'Microsoft Dynamics NAV'. Inside, there's a label 'MenuSuite MBS' above a green progress bar that is at 18%. A 'Cancel' button is at the bottom right.

After the import, the Menu Search form is populated.

Absence Registration - Menu Search

General

Name Filter

Caption	Path to Entry	Object Type
▶ Absence Registration	Human Resources	Form
Account Groups	Administration, Application Setup, Service, Contract	Form
Account Groups	Service, Contract Management, Setup, Contract	Form
Account Schedule	Financial Management, General Ledger, Reports, Financial State...	Report
Account Schedules	Financial Management, General Ledger, Analysis & Reporting	Form
Accounting Periods	Administration, Application Setup, Financial Management	Form
Accounting Periods	Financial Management, Setup	Form
Accounting Periods	Financial Management, General Ledger, Periodic Activities, Fiscal ...	Form
Acquisition List	Financial Management, Fixed Assets, Reports, Fixed Assets	Report
Activities	Sales & Marketing, Setup, To-do	Form

Path to Menu Human Resources

Run Form Functions Help

Step 5: You can now use the “Name Filter” field to search for items on the menu, by typing in the name and selecting enter.

You can open the form from the “Run Form” button or you can see the path to the menu item on the bottom of the screen.
