

# **Microsoft Dynamics™ AX 4.0 SP1**

## **Brazilian release notes**

---

The following release notes are for the Brazil release of Microsoft Dynamics AX 4.0 with Service Pack 1 (SP1).

### **Features moved from the DIS layer to the GLS layer**

All localized features were moved to the GLS layer.

### **National tab from Master data and orders renamed**

The National tab from Master data and orders has been renamed to Fiscal information. The fields and functionality remain the same.

### **Named printer functionality integrated**

The Named printer functionality has been integrated to the core feature Print management.

### **Costs absorption has been moved**

Costs absorption has been moved from the Main menu to the Production menu and split between the Setup and Periodic menu items. All of the functionality remains the same.

### **Change method of payment functionality has been replaced**

Functionality for the Change method of Payment has been replaced by the core feature Multiple change and is available in the Edit payment proposal.
