*"This reporting should have been in the base product long ago."*

*"We are tired of having to go to and learn an external application like Excel to produce reports."*

Pivotier Express Plus delivers the Dynamics NAV reports you have been waiting for:

- 1) Out-of-the-box Financials - create all your basic financial reports as soon as your posting accounts setup is complete. Pivotier uses pre-defined Account Category codes to automatically generate all your core financial reports WITHOUT additional time-consuming setup and expense.
- 2) 100% Accurate Sales Reports – Pivotier sales reports are connected to your revenue accounts in your general ledger, ensuring that your customer sales reports tie 100% to your income statement versus base reports which incorrectly state revenue numbers.
- 3) Rich 3D Data Visualization – Pivotier reports use the very latest Microsoft Report Definition Language 2008 and 2010 specifications to deliver the most advanced charts, gauges and indicators to punch up the effectiveness of your reports.
- 4) Use the Newest Microsoft Technologies Today – Pivotier uses the Microsoft tools and technologies you already own to deliver Microsoft Dynamics reports. TODAY! Use Microsoft's best reporting capabilities with your familiar Classic or Role-Tailored user experience – all without cost-prohibitive version upgrades.
- 5) Share Reports with Everyone in the Enterprise – publish reports to Word, Excel, PDF, Email and SQL Server Reporting Services (SSRS).
