### Easy User Security Management

#### SD Security Features

SD Security is designed to make User Security management in Dynamics NAV considerably easier.

To help achieve this the software provides 5 key features;

##### (1) User Menus

- Default clear any menu assignments for new users or "retired" users.
- Copy Menu Assignments from one user to another.
- Report on current user menu assignments including any custom menus.

##### (2) Role Based Security

- Manage role building from a single screen.
- Record the required user access and then paste into existing or new roles.

##### (3) User Posting Dates

- Assign User to Posting security groups.
- Roll over allowed posting dates by Groups of users.

- Email all users in a security Group to advise of their new allowed posting dates.

##### (4) Manage ZUP Files

- Store, Copy, Replace ZUP user profile files for each user.

User Group	User ID	E-Mail	Allow Posting From	Allow Posting To
SEC GROUP 1	ADMINISTRATOR	info@simplydynamics.ie	01/10/08	31/10/08
SEC GROUP 1	ATORRES	info@simplydynamics.ie	01/01/09	31/10/09
SEC GROUP 2	DTREANOR	info@simplydynamics.ie	01/01/09	31/10/09
SEC GROUP 1	FTWOMEY	info@simplydynamics.ie	01/01/09	31/10/09
SEC GROUP 2	GER	support@simplydynamics.ie	01/01/09	31/10/09
SEC GROUP 1	GFOSKIN	support@simplydynamics.ie	01/01/09	31/10/09
SEC GROUP 2	SIMPLYD	support@simplydynamics.ie	01/01/09	31/10/09

##### (5) End Idle User Sessions

- Limit the maximum number of active session per user.
- End idle sessions if your licence limit is reached.
- End sessions idle for over X number of minutes.

#### Easy to Deploy

SD Security does not modify any of your standard NAV objects so can be deployed without affecting any other area of your system.

We provide both an Installation and User guide, evaluation copies are also available on request.

**Evaluation Version Available**
