

PRODUCT INFORMATION

AMAZON-MARKETPLACE INTERFACE

MICROSOFT DYNAMICS NAV

**The Amazon-Marketplace interface helps you to optimize your sales order process.**

- **Import and Manage sales orders from Amazon**  
Creates automatically new sales orders, customers and a new shipment address if required.
- **Ship and confirm shipment**  
The Add-on is interacting with your shipment solution, you can generate shipment labels (e.g. UPS, DHL) directly from Navision and confirm the shipment to Amazon. Amazon will place a shipment confirmation to the customer.
- **Inventory management**  
Send your stock of inventory to Amazon. You should do this periodical to keep your listings up to date.
