Dynamics NAV Addons

Document Find

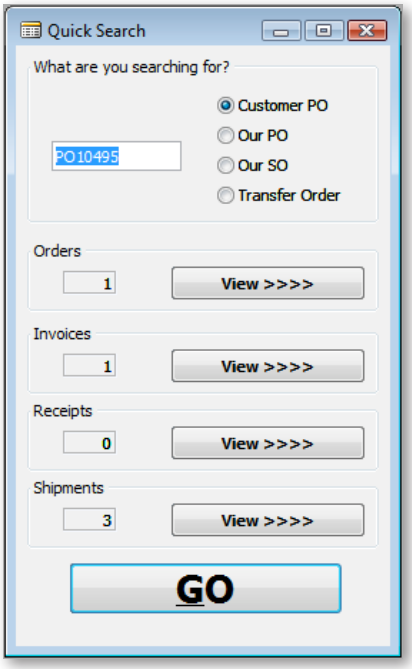
Quickly find all Documents related to an Internal or External Document Number.

- **Find Documents Quickly and Easily**
- **Trace Documents all the Way Through the System**

Microsoft Dynamics NAV / Navision can get somewhat confusing when you are looking up an order number. It may be still an order, an invoice, and / or a shipment / receipt.

With Document Find, you can find all places the document exists in the system instantly. Simply type in the Customer PO number (External Document No.), your PO / SO number, or the Transfer Order Number. The system then shows you everywhere that number exists, with easy navigation to the actual documents.

Never get frustrated with finding a document again!



Enter a Whole or Partial Document, and it Will Show You All the Related Documents in the System.
